

PATH BOOK LIST 2021-2022

****Don't forget to check the Library, 1/2 Price books, Ebay, Abe books and Amazon for if you want used books.**

****You can copy and paste the ISBN into any search engine for an easy search.**

Due to the fact that certain translations and editions can differ vastly, when the ISBN, edition, or year is noted in RED, it is imperative to purchase that exact text. If the book ISBN is not in RED, any version is fine.
